CONDITIONS UNDER WHICH QUALIFICATION IS GRANTED

The listing of your product on the Qualified Products List does not guarantee acceptance of the product in any future purchase nor does it constitute a waiver of the requirements of the specification or the provisions of any contract.

Permission to use qualification information is granted for advertising or publicity purposes provided that such publicity or advertising does not state or imply that the product is the only product of that type so qualified or that the Department of Defense in any way recommends or endorses the manufacturer's product.

The listing applies only to product(s) identical to that (those) qualified. The qualifying activity must be advised of any change to the product. Failure to notify the qualifying activity of a change of design is cause for removal from the Qualified Products List regardless of the extent of the design change.

To retain this listing manufacturers must comply with retention of qualification requirements. Failure to comply will be sufficient cause for removal from the Qualified Products List.

This qualification ~~applies~~ applies only to the product produced in your plant(s) listed. This qualification ~~is~~ is effective at 8:00 A.M., E.S.T. as of the date of this letter and is valid under future amendments or revision to the specification unless notified to the contrary.
