SUBJECT : Thortax – Flextech 60 & 80
Approved Coatings for Shafts
Ref. Y/Fax dated 16/02/99

Further to your above fax please be informed that the above material is approved as repairs of machinery components. Thortax – Flextech 60 & 80 is approved as coatings for tailshafts, but it must be applied as specified by the manufacturer.

We enclose a copy of an e-mail from our head office listing the products “approved coatings for tailshafts”

Hoping this answers your questions.

Best regards,

Olav L. Mogensen
